Best Boots I've Owned

Merlin Goderich, Ontario September 12, 2015
Industry: Warehousing

These are the best boots I've ever owned. I got three years out of my first pair when most boots won't last one. They cost more than some but they are worth it for their durability and fit. They come in every size imaginable. Highly recommended.

Work Environment: Hot, Cold, Wet, Dry, Cement Surface, General Outdoor, Uneven Terrain, Smooth Surfaces, General Indoor

I love this model workboots. They are comfortable right out of the box and get even better as they age and wear in.
